Cancer Support Home

The Washington Regional J.B. Hunt Transport Services Cancer Support Home (CSH), an outreach service of Washington Regional Medical Foundation, opened in 1995 to serve cancer patients and their families in a home-like setting providing overnight lodging and support services. All services are provided at no cost to those on a cancer journey and are not limited to Washington Regional patients.

Overnight Lodging

The Cancer Support Home provides overnight lodging for patients traveling an hour or more to Northwest Arkansas for cancer related appointments and treatments. Our beautiful home offers eight fully furnished guest rooms with private baths. Each room accommodates two overnight guests. Guests receiving cancer treatment are required to have a support companion.

Our guests are invited to make themselves at home by using our fully equipped double kitchen, guest pantry, two guest laundry rooms, great room, sun room, and outdoor spaces. Lodging is provided at no cost to our guests.

Boutique

Our boutique is stocked with wigs, hats, scarves and post mastectomy supplies, including bras and breast forms. We offer a variety of sizes and styles to meet the needs of our clients. Our staff provides assistance in a comfortable and private setting. All boutique items are provided at no cost to our clients.

**Hours are Monday - Friday, 9 a.m. - 4 p.m.
Walk-ins and appointments are welcome.**

Financial and Support Services

Cancer Support Home programs are designed to help ease burdens and eliminate barriers to care for our clients. Financial and support services include:

Cancer Help Fund

The Cancer Help Fund provides emergency financial assistance for cancer screenings, diagnostic expenses, and daily living expenses including: rent, mortgage, utilities, car payment and phone bills. Applications for financial assistance can be found on our website at wregional.com/csh or by calling **479.404.2162**.

Patient Navigation

Our Breast Health Navigator provides individualized guidance to those recently diagnosed with breast cancer. The navigator follows the patient through every aspect of treatment – aiding in dispelling fear, linking to financial and quality of life resources, and being a comfort and friend to patients and their families. Breast Health Navigation is available at no cost.

Support Services

We offer a variety of support programs, including Art for Connection, Connection Activities, library resources, and support groups.
